## WORK EXPERIENCE

---

Trifacta Inc.

June 2016 — August 2016

*Software Engineer Intern*

Worked on the integration of a cloud-based data storage solution into Trifacta. Tasks:

- Investigated client-server performance characteristics and wrote automated test scripts
- Implemented Cloud Storage support
- Implemented user-defined functions and data transformations for Dataflow
- Fixed bugs from the bug backlog

Jacobs University

September 2015 — June 2016

*Student Research Assistant - Software Developer*

Worked as a student research assistant for Rasdaman ( raster data manager ). The rasdaman technology enables storage of multi-dimensional arrays of unlimited size in a conventional database.

- Created a testing framework in Python, which is integrated into Jenkins
- Tested and maintained software modules using Java.
- Created a Domain Model using Spring Framework for a GIS standard, called Coverage Implementation Schema

Jacobs University

September 2015 — December 2015

*C Lab Teaching Assistant*

Tutored students and assisted them to finish programming tasks in order to understand the basics of C. I also held tutorials and graded homework assignments and exams.

## HRForecast

August 2015 — September 2015

### *Data Analysis - Intern*

Worked in a project called Data Management and Handling, where I implemented techniques, based on the analysis of raw data provided, in order to improve the data quality and verification process.

## JacobsHack

October 2015

### *Poverless application*

Created an android application, during the jacobsHack hackathon, which allows people to donate money to a NGO, in order to improve quality of life. Used API's to read credit card details and google maps.

## National Contest

April 2013

### *'My anti-drug message' Project*

Created an website during the 'My anti-drug message' campaign. It was done using HTML, PHP, CSS and JavaScript.

## Cyberfair Contest

December 2012

### *'A healthy lifestyle' Project*

Created an website during the Cyberfair contest, with the purpose of encouraging people to live a healthier life. It was done using mainly HTML and CSS.

## EDUCATION

---

### Mathematics - Informatics , Intensive Informatics

September 2010 — June 2014

*"Eudoxiu Hurmuzachi" National College, Radauti, Romania*

Obtained the high school diploma (Romanian Baccalaureate : Mathematics, Informatics, Romanian language and literature ) with GPA 9.86 out of 10.

### B.Sc. in Computer Science

September 2014 — Present

*Jacobs University, Bremen, Germany*

Comprehensive three-year accelerated B.Sc. program in Computer Science.  
Expected graduation: June 2017.
